Dear Ahmed javadeen,

RE: Caterpillar ECF-3 performance for Atlantic super top fleet HD-V Diesel Engine Oil SAE15W40.

This letter is provided in response to your query relating to Caterpillar ECF-3 performance using Infineum D3503 additive technology (IME1700778-A).

I confirm that your product, "Atlantic super top fleet SAE15W40- SN / CK-4" would meet Caterpillar ECF-3, as well as API SN / CK-4, ACEA E7/E9 and a number of other HD OEMs performance requirements if correctly blended with the Infineum formulation identified as IME1700778-A. This formulation contains Infineum D3503 at 14.5%. Please note that this statement is no longer valid if you deviate from any part of the IME1700778-A formulation and/or correct blending procedures.

I trust this meets your requirements. However should you require further information and/or clarification, please do not hesitate to contact us.

Sincerely,

Justina MINA
